Business Continuity Training for Local Employers

When business is interrupted, it affects employees, customers, vendors, and the local economy. Plan how you will continue operating when systems fail, staff are unreachable, or severe weather hits.

FEMA Continuity Planning (L-1301) • June 17-18, 2026 • Shell Lake, WI

Why This Matters for Local Businesses

- Unplanned downtime = lost revenue and damage to your reputation
- Cyber, supply chain, and weather events are disrupting businesses more than ever
- Insurance, lenders, and regulators increasingly expect continuity plans

Prerequisite: IS-1300 Fundamentals of Continuity

Register through FEMA EMI:

- <https://training.fema.gov/generaladmissionsapplication/staticforms/startapplication.aspx>
- A FEMA SID is required: <https://cdp.dhs.gov/femasid>

When asked, enter for the Head of the Sponsoring Agency:

Troy Klemstein, State Training Officer
